

## Ancla Technologies Corporate Contributor License Agreement

Thank you for your interest in contributing to open source software projects (“**Projects**”) made available by Ancla Technologies (Ltd). This Corporate Contributor License Agreement (“**Agreement**”) sets out the terms governing any source code, object code, bug fixes, configuration changes, tools, specifications, documentation, data, materials, feedback, information or other works of authorship that you or your representatives submit or have submitted, in any form and in any manner, to Ancla Technologies in respect of any of the Projects (collectively “Contributions”). If you have any questions respecting this Agreement, please contact [olamigokayphils@gmail.com](mailto:olamigokayphils@gmail.com).

You agree that the following terms apply to all of your past, present and future Contributions. Except for the licenses granted in this Agreement, you retain all of your right, title and interest in and to your Contributions.

**Copyright License.** You hereby grant, and agree to grant, to Ancla Technologies a non-exclusive, perpetual, irrevocable, worldwide, fully-paid, royalty-free, transferable copyright license to reproduce, prepare derivative works of, publicly display, publicly perform, and distribute your Contributions and such derivative works, with the right to sublicense the foregoing rights through multiple tiers of sublicensees.

**Patent License.** You hereby grant, and agree to grant, to Ancla Technologies a non-exclusive, perpetual, irrevocable, worldwide, fully-paid, royalty-free, transferable patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer your Contributions, where such license applies only to those patent claims licensable by you that are necessarily infringed by your Contributions alone or by combination of your Contributions with the Project to which such Contributions were submitted, with the right to sublicense the foregoing rights through multiple tiers of sublicensees.

**Moral Rights.** To the fullest extent permitted under applicable law, you hereby waive, and agree not to assert, all of your “moral rights” in or relating to your Contributions for the benefit of Ancla Technologies Ltd, its assigns, and their respective direct and indirect sublicensees.

**Third Party Content/Rights.** If your Contribution includes or is based on any source code, object code, bug fixes, configuration changes, tools, specifications, documentation, data, materials, feedback, information or other works of authorship that were not authored by you (“**Third Party Content**”) or if you are aware of any third party intellectual property or proprietary rights associated with your Contribution (“**Third Party Rights**”), then you agree to include with the submission of your Contribution full details respecting such Third Party Content and Third Party Rights, including, without limitation, identification of which aspects of your Contribution contain Third Party Content or are associated with Third Party Rights, the owner/author of the Third Party Content and Third Party Rights, where you obtained the Third Party Content, and any applicable third party license terms or restrictions respecting the Third Party Content and Third Party Rights. For greater certainty, the foregoing obligations respecting the identification of Third Party Content and Third Party Rights do not apply to any portion of a Project that is incorporated into your Contribution to that same Project.

**Representations.** You represent that, other than the Third Party Content and Third Party Rights identified by you in accordance with this Agreement, you are the sole author of your Contributions and are legally entitled to grant the foregoing licenses and waivers in respect of your Contributions.

**Disclaimer.** To the fullest extent permitted under applicable law, your Contributions are provided on an "as-is" basis, without any warranties or conditions, express or implied, including, without limitation, any implied warranties or conditions of non-infringement, merchantability or fitness for a particular purpose. You are not required to provide support for your Contributions, except to the extent you desire to provide support.

**No Obligation.** You acknowledge that Ancla Technologies is under no obligation to use or incorporate your Contributions into any of the Projects. The decision to use or incorporate your Contributions into any of the Projects will be made at the sole discretion of Ancla Technologies or its authorized delegates.

**Disputes.** This Agreement shall be governed by and construed in accordance with the laws of Lagos State, Nigeria, without giving effect to its principles or rules regarding conflicts of laws, other than such principles directing application of Lagos State law. The parties hereby submit to venue in, and jurisdiction of the courts located in Lagos for purposes relating to this Agreement. In the event that any of the provisions of this Agreement shall be held by a court or other tribunal of competent jurisdiction to be unenforceable, the remaining portions hereof shall remain in full force and effect.

**Assignment.** You agree that Ancla Technologies may assign this Agreement, and all of its rights, obligations and licenses hereunder.

Accepted and Agreed by:
